## Purpose of this guide

The **grant-making** process translates the funding request into grants ready for implementation. The **Technical Review Panel (TRP)** reviews the funding request and, if it receives a TRP recommendation, the funding request proceeds to grant-making. Grants are negotiated between the Global Fund and the selected Principal Recipient (PR), in consultation with in-country stakeholders and communities. The specifics of the program are registered in documents and submitted for **Grant Approvals Committee (GAC)** review. Once these grant documents are recommended by the GAC and approved by the **Board**, the grant is signed by the Global Fund and the PR and acknowledged by the Country Coordination Mechanism (CCM).

A number of critical grant-making exchanges - including notifications and final document submissions - between PRs and the Global Fund are facilitated through the **Global Fund Partner Portal**.

This document is an interactive guide for **PRs** to understand the **process and system steps involved in receiving and submitting grant-making documents**.

## Definition of Key GED Terms in Partner Portal

**Use of Global Fund Partner Portal for grant-making:** Critical engagements between the PRs and Country Teams (CTs) during grant-making (such as notifications, document sharing and submission) are facilitated through the Global Fund Partner Portal. PRs nominate their contacts with grant deliverable access rights (editor or submitter) in the Partner Portal following the Grant Entity Data (GED) processes\*.

### Key GED Definitions:

**Organization information:** refers to information about the organization to be captured in the legally-binding documents for the successful execution of grant life cycle processes (such as official name, address and contacts).

**Banking Information:** provides details of the bank account that will be used to receive disbursements from the Global Fund (such as bank account number and account holder name).

**Contacts with Signatory Rights:** refer to persons that are duly authorized by the organization to sign or acknowledge legally-binding documents and/or to sign disbursement requests.

**Contacts with Notice Rights:** refer to the persons that will serve as the contact point for Global Fund notices regarding contractual matters (as per the terms of the relevant Grant Agreement) and/or grant or portfolio-specific correspondences.

**Contacts with Access Rights:** refers to the person that will have access to the Global Fund Partner Portal to manage GED

**Contact with Grant Deliverables Access Rights – Editor:** Contacts responsible for accessing, completing, and attaching grant deliverables (e.g., grant-making, pulse checks, PU/DRs) and any supporting documents through the Partner Portal. Editor rights are assigned per grant/portfolio, and one contact can be editor for either one or multiple grants/portfolios.

**Contact with Grant Deliverables Access Rights – Submitter:** Contacts responsible for submitting grant deliverables (e.g., grant-making, pulse checks, PU/DRs) to the Global Fund through the Partner Portal, in addition to having editor rights (access, complete and attach).

#### Note:

- At a **minimum**, each grant is required to have **one Submitter**. It is recommended having **two Submitters** per grant.
- Editors and Submitters have access to Grant-making, PU/DRs and Pulse Checks (where applicable). PRs must ensure the appropriate contacts are assigned these rights to be able to engage with one or more of these modules

## Grant-making: System Steps

The screenshot shows a web browser window displaying the 'THE GLOBAL FUND' Partner Portal. The page title is 'Grant-making | ECU-H-SPU | Attach'. A file explorer window is open over the portal, showing the path 'This PC > Desktop > Partner Portal - Grant Documents'. The file explorer contains a file named 'Performance Framework'. A callout box with a purple border and a circled '1' points to the file, containing the text: 'Select the document you want to attach and click **Open**. *Note that the Performance Framework must be attached before the Detailed Budget!*'. Another callout box with a purple border and an information icon points to the 'Open' button in the file explorer, containing the text: '**Note:** When attaching either a Performance Framework or a Detailed Budget please note that only one file of each type can be attached at a time. If changes or new versions of these documents are needed, these can be attached and they will supersede the prior version when selecting documents for submission.' The background portal shows a table with columns for 'Document Type', 'Funding Landscape Table', and 'Action'. The table contains one row with the following data: 'Other', 'space download.PNG', '31-Jan-23 11:17', 'Artur Correia', 'French', 'V1'. There are 'Download' buttons in the 'Action' column for each row.

1 Select the document you want to attach and click **Open**.
